

Waterfowl Hunting Regulations 2018-2019

McFaddin National Wildlife Refuge

McFaddin National Wildlife Refuge Waterfowl Hunting Permit 2018-2019

Waterfowl hunting has a deep history and tradition on McFaddin NWR. Most hunting opportunities are in wetlands along bayous that cut through ancient floodplains which create coastal marshes and prairies. These habitats are home to an abundance of wildlife including migratory waterfowl. We recommend against going into the marsh alone until you are thoroughly familiar with the hazards. Some of the marsh is dangerously boggy and home to alligators, venomous snakes, mosquitoes and fire ants.

Hunting units on McFaddin NWR include the Spaced Blind Hunt Unit (Fee Area), Star Lake/Clam Lake Hunt Unit (Fee Area), Central Hunt Unit (Non-Fee Area) and the Mud Bayou Hunt Unit (Non-Fee Area). Hunting units are open on varied days of the week; see specific hunting units below for information on open hunting days. All hunting units are CLOSED on *Thanksgiving Day, Christmas Day* and *New Year's Day* and during the Early Canada Goose season. The Spaced blind Hunt Unit is closed during the Special Teal Season. We ask that hunters be good sportsmen and respect the rights
